ABOUT COMPANY

PT. Destro Gemilang Perkasa is a producer of shisha briquettes and barbeque briquettes (bbq) which was established with the background of seeing the availability of abundant coconut commodities in Indonesia where the skin (coconut shell) is wasted without any processing that can provide added value.

Our company has been in the process and focused on making shisha Briquette and Barbeque (BBQ) briquette with high quality standards according to global market demand since 2017. In maintaining the quality standards of the Shisha Briquette and BBQ Briquette production results that we have produced, we always select and sort materials with detailed control by not accepting coconut shell charcoal of poor quality, so that from here it can be ascertained and there is no doubt about the quality of the briquettes that we have produced.

WELCOME MESSAGE

We are a leading Shisha Briquette and Barbeque Briquette (BBQ) company from Indonesia and we also have years of experience. PT. DESTRO GEMILANG PERKASA is a producer and family company that aims to produce derivative materials from coconuts to be more useful and have high selling value. We are proud to be able to process commodity materials from coconut shells into products that have better utility value and of course high quality. We are also proud to be able to grow and develop together with your business in the global market business arena.
